TRAVEL INSURANCE RECOMMENDATION

We highly recommend that our guests purchase travel insurance coverage for unexpected situations. Travel Guard (www.travel-guard.com) is just one of many companies that offer this service at a reasonable price. If you choose not to secure this valuable coverage, you are assuming any financial loss associated with a cancellation or change in your travel arrangements.

Great hunts begin with safety. The Webb Farm requires the use of breach loading shotguns as breach loading shotguns are the simplest manner for our guides to monitor the proper handling of shotguns. Only 20, 28 & .410 gauge guns are permitted. NO 12 or 16 gauge, semi-automatic or pump shotguns are permitted. Breach loading shotguns are provided at no charge, subject to availability.
